How To Have A Great Flight?
Have some great friends to help.

Project 2222/22

Lets have more great flights, at least 2222 hours for club members

- How would you like to have more great flights
 - Fly somewhere new ?
 - Coaching
 - Fly with water
 - Have an AVA flight
 - Fly the old lady K8 on a summers evening
 - Bring your friends out for Saturday grill

Running Långtora is expensive and takes lots of work. We lost 14 members last year. We need fresh blood if the club is to survive ie 22 new member by this time next year

- This challenge is way more than 1 person can handle
- Bring a potential pilot to Långtora: fly the Nimbus
- We want to attract a new generation

2016

Enthusiasm:

To be safe

The best club in Sweden

To enjoy the whole of the meaning of being a glider pilot in the best club in Sweden

To have a bloody great season
